Profile: <http://www.researcherid.com/rid/A-1416-2008>

Faculty of Electrical Engineering and Computer
Science, VSB - Technical University of Ostrava,
17, listopadu 15/2172,
Ostrava - Poruba, Czech Republic

Biography: Ajith Abraham received the Ph.D. degree in Computer Science from Monash University, Melbourne, Australia. He is currently coordinating the efforts of Machine Intelligence Research Labs (MIR Labs), Scientific Network for Innovation and Research Excellence, USA, which has members from more than 75 countries. He has a worldwide academic experience with formal appointments in several Universities in Asia, Australia, Europe and the US. He serves/has served the editorial board of over 50 International journals and has also guest edited 40 special issues on various topics related to machine intelligence. He is a co-author of more than 700 publications, and some of the works have also won best paper awards at international conferences. His research and development experience includes more than 20 years in the industry and academia. He works in a multi-disciplinary environment involving machine intelligence, various aspects of networks, Web intelligence, information security, computational grids, data mining and their applications to various real-world problems. He has given more than 50 plenary lectures and conference tutorials in these areas. Ajith is the Chair of IEEE Systems Man and Cybernetics Society, Technical Committee on Soft Computing. He is an active volunteer of several IEEE Societies and ACM. He is involved in the organization of 10-15 International conferences, every year. More information at: <http://www.softcomputing.net>
